

## NCCSIM Training Starts January 2009

Training for the National Certificate in Cellar Service installation starts in January 2009.

The qualification is separated into five units with a cost per delegate per unit of £135.00 + VAT. **A total of £675.00 + VAT for all five units of the qualification.**

The delegate will receive the relevant unit handbook and attend the chosen training dates below, taking a multiple choice examination at the end of the day. The delegate receives a certificate per unit, with an over-arching certificate once the course has been completed.

It is also possible to achieve the qualification without participating in the training day. You would be sent a copy of the handbook and required to attend at the end of the relevant day to sit the multiple choice examination. The cost per unit is £80.00+ VAT.

We are currently in the process of securing funding and are hopeful that all delegates will have some funding available as long as the units are taken over an eight month period.

Training dates are planned from January to May and will then re-commence in October to complete the programme around the country. Spaces are limited to 10 delegates per course so, to avoid disappointment, please book now!

*Training dates will be available around the country, a list of dates are listed below.*
